

2009 – 2010 Service Contract

Term Start Date: _____, 2009 Term End Date: _____, 2010

During the term of this agreement, the Energy Co-op of Vermont will provide the following services:

Burner Tune-Up and Cleaning

Replace nozzle.	Clean flue pipe and base of stack.
Replace one oil filter (we charge for additional filters).	Vacuum heat exchanger.
Replace pump screen (If necessary).	Brush and vacuum boiler sections.
Clean electrodes and adjust gap.	Check air filters.
Lubricate motors.	Provide efficiency analysis including smoke test.
Visual inspection of oil tank and heating system.	Written recommendations (if needed).

Labor: All travel and labor charges, including those for 24-hour emergency service, are discounted by 25%. We have a minimum charge of one hour.

Parts: During the term of this agreement, all parts supplied by the Energy Co-op of Vermont and priced at up to \$500 are discounted by 25% (subject to availability). We offer a 5% discount on parts priced at more than \$500. If parts have been discontinued by the manufacturer, or are unavailable because of the age of your heating system, the Energy Co-op of Vermont may not be able to make repairs to your heating system. We will, however, provide you with several choices, including the installation of a new heating system.

Oil Tank and Heating System Installations: We offer a 5% discount on the installed cost for replacement oil tanks and heating systems.

This service contract will be renewed each year at the customers request on or before the End Date unless cancelled by either party. The Energy Co-op of Vermont reserves the right to not renew this contract. Coverage under the terms of this service contract begins after an initial burner tune-up, cleaning and inspection, receipt of this signed contract and payment of \$195. This offer expires if payment is not received within 15 days of the Term Start Date.

All service contracts are subject to an initial inspection prior to approval.
